Re: *Galvan v Rolling Lawns, Inc et al.*, Case No. 7:23-cv-06724(CS)

Dear Judge Seibel:

I represent the Defendants in the above referenced action. Today Plaintiff filed his response to our letter motion to stay service of the subpoenas. However, Plaintiff does not offer any explanation for his refusal to hold off on serving the subpoenas on the homeowners for a brief period, and instead argues that a motion to quash and/or for a protective order (which has not yet been made) would be meritless. Defendants respectfully reserve their right to argue the merits of the subpoenas in a motion to quash.

Respectfully submitted,

/s/ *Steven J. Moser*
